RETREADING SERVICES

[Benefits of Retreading]

CASING ASSET MANAGEMENT

Using barcodes, your casings are tracked from their pickup to their return to ensure you receive your casings back. Casing barcodes are continually scanned throughout the entire retread and repair process, which means that all casing information is displayed at each step in the process. This comprehensive management allows GTC to ensure rigorous adherence to fleet defined business rules, including specs according to the manufacturer, size and tread design.

SMART FOR BUDGETS

Retreading extends the life cycle of your tire assets, which reduces costs.

- Casings are retreadable multiple times
- Full range of tread options for any application
- No FET (Federal Excise Tax) on retreaded tires

ENVIRONMENTALLY FRIENDLY

SmartWay Certified retreads reduce fuel consumption and greenhouse gas emissions.

- Retreading saves 15 gallons of oil per tire
- Retreading removes thousands of casings from landfills

HIGH QUALITY

Consistent, nationwide retread warranty comparable to a new tire backed by Michelin.

- Michelin Proprietary Technology in both new tires and retreads
- Proprietary MRT Process includes X-Ray, electronic liner inspection, and casing integrity analyzer
- Michelin manufacturing excellence
- Multiple retread lines for full range of products

OTR DIVISION

[www.grahamtruckcenters.com]

GRAHAM TRUCK CENTERS IS A NORTH TEXAS BASED COMMERCIAL TIRE OPERATION

We launched our OTR Division in 2015 when our commercial customers expressed a need to reduce down time and costs. Our OTR hand truck is capable of servicing tires up to 126" in diameter, and our techs are TIA Certified. We have built our business centered around customer service, and our OTR Division is no different!

WE SERVICE ALL TIRE BRANDS ON ALL MAKES AND MODELS OF TRUCKS AND EQUIPMENT

- On-site OTR and semi tire repair
- Sectioning and OTR patch repair
- Foam fill for severe applications
- New OTR tire sales
- Used OTR tire sales
- Section repair
- Vulcanized OTR tires
- OTR tire patch repair
- Flat rate tire repair

AFTER HOURS AND EMERGENCY SERVICES AVAILABLE!

**WE ARE HERE, THERE
AND AROUND
THE COUNTRY.**

LINE HAUL

MICHELIN

- LP22.5
- 11R22.5
- LP24.5
- 11R24.5

STEER

X Line Energy Z

Ultra-fuel-efficient tire that delivers the longest mileage in this application for this brand due to the dual compound tread design, directional tread with enhanced shoulder ribs designed to deliver even wear.

DRIVE

X Line Energy D

Advanced technology tread compounds for outstanding fuel economy, alternating groove wall angles help resist stone retention and promote improved traction.

TRAILER

X Line Energy T

10% improved rolling resistance, exceptional tread life and handling, extended casing life due to curb guards.

BRIDGESTONE

- LP22.5
- 11R22.5
- LP24.5
- 11R24.5

R283 Ecopia

Fuel efficient, triple ribbed to fight irregular wear. Wider, deeper tread and proprietary shoulder design.

M726ELA

Mega-mileage and maximum traction. Stone rejector platforms help prevent retention of damaging stones.

R197 Ecopia

Fuel efficient, defense groove design combats irregular wear while sidewall protector ribs fight curbing, cut, and abrasion damage.

BFGOODRICH

- LP22.5
- 11R22.5
- LP24.5
- 11R24.5

ST244

Long lasting, even-wearing steer/all-position highway tire that's SmartWay verified.

DR444

Take control mile after mile with this long-lasting, rain fighting highway and regional tire.

TR144

Take control of irregular wear with this long-lasting, fuel-saving highway/regional tire built for trailer and free-rolling axles that's SmartWay verified.

FIRESTONE

- LP22.5
- 11R22.5
- LP24.5
- 11R24.5

FS591

Multi-Rib design combats the initiation and spread of irregular wear. Low rolling resistance, improved traction and water evacuation.

FD691

Fuel efficient, closed shoulder design promotes long tread life and casing durability.

FT491

Wide flow-through grooves and cross-rib sipes help enhance traction. Protector ribs on both sidewalls help resist cuts, snags, and abrasions from curbing and impacts.

UNIROYAL

- LP22.5
- 11R22.5
- LP24.5
- 11R24.5

LS24

A long-lasting, SmartWay verified tire. Designed to combat irregular wear. A retreadable tire with DuraShield construction.

RD30

Long, worry-free tread life. "Tiger Claw" tradition grips the road. StoneBlocker design protects the casing. A retreadable tire with DuraShield construction.

LT40

A long-lasting tire that combats irregular wear. StoneBlocker design that protects the casing. A retreadable tire with DuraShield construction.

DAYTON

- LP22.5
- 11R22.5
- LP24.5
- 11R24.5

D515S

Design helps prevent initiation of irregular wear. Low rolling resistance, improved traction and water evacuation.

D610D

Closed shoulder, deep aggressive pattern for reliable traction and long tread life.

D415T

Trailer tire featuring 5 rib tread design for long, even wear. Four circumferential grooves to provide effective water evacuation.

Operating Conditions: Highway speed Annual Vehicle Mileage: 100,000+ miles Tire Wear: Low abrasion, long original tread life Roads: Highways Operating radius: 300+ miles

STEER

XZE2

Long tread life, siping protects against irregular wear, zig zag grooves help increase traction.

DRIVE

XDE M/S

Open shoulder, cut/chip resistant, best traction.

TRAILER

X Line Energy T

10% improved rolling resistance, exceptional tread life and handling, extended casing life due to curb guards.

R268 Ecopia

Waved channel design, low rolling resistance, fuel efficient, for high traction/high scrub application.

M726ELA

Mega-mileage and maximum traction. Stone rejector platforms help prevent retention of damaging stones.

R197 Ecopia

Fuel efficient, defense groove design combats irregular wear while sidewall protector ribs fight curbing, cut, and abrasion damage.

ST230

Take control in and out of the city with this curb-fighting, smooth wearing steer/fall-position regional tire that's SmartWay verified.

DR444

Take control mile after mile with this long-lasting, rain fighting highway and regional tire.

TR144

Take control of irregular wear with this long-lasting, fuel-saving highway/regional tire built for trailer and free-rolling axles that's SmartWay verified.

FS561

Solid shoulder design provides resistance to scrubbing, stone ejectors in center grooves help resist stone drilling and protect belts for better casing durability, sidewall protector ribs.

FD663

Fuel efficient, closed shoulder design promotes long tread life and casing durability.

FT491 PLUS

Wide flow-through grooves and cross-rib sipes help enhance traction. Protector ribs on both sidewalls help resist cuts, snags, and abrasions from curbing and impacts.

RS20

A long-lasting, SmartWay verified tire. A tough, solid shoulder that fights scrub. A retreadable tire with DuraShield construction.

RD30

Long, worry-free tread life. "Tiger Claw" tradition grips the road. StoneBlocker design protects the casing. A retreadable tire with DuraShield construction.

LT40

A long-lasting tire that combats irregular wear. StoneBlocker design that protects the casing. A retreadable tire with DuraShield construction.

D520S

Five-rib design for reliable handling and maneuverability, sipes on center ribs enhance traction and tread life, Grooves evacuate water.

D620D

Aggressive lug pattern for a solid grip in wet and dry applications, deep tread helps extend tread life.

Operating Conditions: Medium Haul Annual Vehicle Mileage: 30,000-80,000 miles Roads: Highways and some secondary routes
Tire Wear: Medium abrasion, increased lateral scrub Operating radius: Generally 300 miles or less

ON/OFF ROAD

MICHELIN

11R22.5
11R24.5
315/80R22.5

X WORKS Z

Our toughest all-position, on/off road tire, with 50% wider protector ply vs. other leading tires. Provides unsurpassed durability against road hazards, guaranteed.

STEER

DRIVE

TRAILER

X WORKS XDY

Next Gen on/off road drive tire optimized for exceptional traction and wear in mixed and severe service for on/off road applications.

X WORKS Z

Our toughest all-position, on/off road tire, with 50% wider protector ply vs. other leading tires. Provides unsurpassed durability against road hazards, guaranteed.

BRIDGESTONE

11R22.5
11R24.5

M853

The new Bridgestone M853 all-position on/off-highway radial is another of Bridgestone's innovative solutions for long and regional haulers who also have to travel off-road as part of their work.

M853

Rib design enhances traction & maneuverability, cut/chip resistant, extended tread life.

D620D

Aggressive lug pattern for a solid grip in wet and dry, deep staggered tread blocks helps extend tread life.

D630M

Rib design enhances traction & maneuverability, cut/chip resistant, extended tread life.

WE RIDE WITH YOU

WHERE YOU ARE.

Operating Conditions: Medium Haul, Severe Applications Annual Vehicle Mileage: 30,000-90,000 miles Roads: Highways and some secondary routes
Tire Wear: Medium abrasion, increased lateral scrub Operating radius: Generally 300 miles or less

ON-SITE TIRE SERVICE

[www.grahamtruckcenters.com]

REDUCE DOWNTIME AND IMPROVE EFFICIENCY

COMPREHENSIVE FLEET INSPECTIONS

The ability to make the right decisions about tire selection, maintenance programs and retread policies to maximize tread life and optimize tire performance can make a big difference in a fleet's bottom line. Trust Graham Truck Centers professionals to provide you with the information you need through regular fleet inspections.

MOUNTS/DISMOUNTS AND TIRE REPAIR

Leave these labor intensive services to our certified professionals.

ON-SITE PRESSURE CHECKS

Reduce downtime by ensuring your fleet is "road ready".

MECHANICAL SERVICE AT YOUR DOOR STEP

Free up your time and resources by utilizing our Mobile Mechanic Services for your vehicles and trailers. Mobile services include:

- DOT and readiness
- Electrical and lighting
- General truck and Trailer repair
- Brakes
- Trailer inspections

TIA CERTIFIED TECHNICIANS

At Graham Truck Centers, safety is a priority and service is our passion. We have partnered with TIA® to certify our service technicians to TIA standards. We here at Graham Truck Centers recognize that investing in the people who serve our customers every day is the key to employee and customer satisfaction.
